## HUERTA JAILED FOR LACK OF BOND

Re-arrested Yesterday With Five Others on Additional Charges of Conspiracy.

El Paso, Tex., July 3.—Victoriano Huerta, one time dictator of Mexico, is in jail here tonight in company with five others arrested with him today on fresh charges of conspiracy to violate United States neutrality. Six others arrested early in the week are at liberty on bonds, but the whereabouts of Pascual Orozco is a source of anxiety to federal officials.

Orozco eluded six guards at his local residence and disappeared early today. Huerta's incarceration was caused by his failure to provide a \$15,000 bond, in addition to bail of a like amount under which he was released after his first arrest.

## From The Big Sandy News.

The liquor people are going their length to prevent the people of Kentucky from getting a chance to vote on the prohibition question. That is the most undemocratic thing possible.

## McChesney The Most Popular Of All The Candidates.

At the Masonic Picnic, given by the St. John's Day League at Fontaine Ferry Park in Louisville, a silver loving cup was given H. V. McChesney, candidate of the temperance forces for Governor, as the result of a voting contest for the most popular candidate for office in Kentucky. —Advertisement.

## So Simple It's True.

Sometimes we run across a person who always has a wail because his neighbors have plenty and he has nothing. And if we could just follow them to the end of their careers we could probably find the neighbors continuing in the enjoyment of plenty while the wailer drifts along with his accumulation of nothing. And then if we cared to dig down and exhume the cause we would doubtless find the neighbors working and improving their opportunities while the wailer carelessly allows his to slip by depending on the reputation of his dead father or on the mite of his widowed mother. That is the way it appears to us, and it is so simple we believe it to be true. —Fulton Leader.

## PROMINENT PEOPLE NOW TAKING TANLAC

Men And Women From All Walks of Life Benefitted by The Remedy.

Louisville, Ky., July 7th.—E. G. Isaac, president of the Taylor Isaac Drug Co., Louisville, says: "The demand for Tanlac has agreeably surprised us. While we knew Mr. Cooper and were aware of the success his preparation had achieved in other cities of the country, yet we entertained no idea that the medicine would become so popular in such a short space of time in Louisville."

"Judging from the repeat sales and the expression of satisfaction from those who have actually tested Tanlac and who state that they have benefited by the preparation, Tanlac must therefore be something of unusual merit."

"The class of people who are buying Tanlac are among the best in the city, people who are able to judge impartially and who carry weight with their statements."

"Within a comparatively short space of time we have sold several thousand dollars worth of Tanlac. When it is considered that the demand is confined to one preparation, the sale is to be considered unprecedented. In fact, it is the biggest thing of the kind ever seen at our stores."

Tanlac, the premier preparation, is now on sale in Marion at J. H. Orme's drug store, and also at A. T. Brown's, in Blackford. —Advertisement.

## FOR STATE SUPERINTENDENT

R. S. EUBANK.

His editorial office has been, for ten years, the clearing house for educational ideas, and the factory and repair shop for school laws. Mr. Eubank has been in school work in one form or

another, since he was fifteen years of age. He is said to know more people than any other one man in the State, and to know school conditions better than any other man has an opportunity to know them. He is Editor and Publisher of the Southern School Journal, and in this capacity has been in close touch with the County Superintendents and the teachers of the State, and personally has visited all Kentucky counties except four. The school people are supporting his candidacy for the office of Superintendent of Public Instruction, because he has proved, as a private citizen, that his activities will always be for the best interests of the public schools. ## Japan Ace-High.

Japan, with her demands upon China granted, and her negotiations for far eastern control successfully completed, now stands prepared to meet her judgment before the world. It is entirely possible for Japan to become, in the next few years, the acknowledged leader of eastern civilization, or its tyrant. The cards to win the game are in her hands. It is the hope of America, that the land of Nippon, seeks the best; that its only desire in forcing China to place in its hands, virtual control of Chinese destinies, was to make sure its leadership of the east that the selfish aggrandizement of the west might be forever frustrated. In other words, if Japan has thrown a Monroe doctrine of her own manufacture around the Chinese people and adjacent smaller peoples, and utilizes it with the degree of wisdom and justice that has characterized the teacher it follows, all will be well. —Sun.

## What The Farmer Did.

A city man recently visited with his "country cousin." The man from the city, wishing to explain the joys of metropolitan life, said: "We have certainly been having fun for the last few days. Thursday we autoed to the Country Club and golfed until dark, then trolled back to town and danced until morning."

The country cousin, not to be outdone in the least, began telling some of the pleasures of the "simple life." "We have had pretty good times here, too. One day we buggied out to uncle Ned's and went out to the back where we baseballed all that afternoon. And in the evening

we sneaked up to the attic and poked until morning."

A sturdy old farmer, who was listening and who was not to be stumped in the least, took up the conversation at this point and said, "I was having some fun about this time myself. I muled to the cornfield and ge-hawed until sundown. Then I suppered until dark and nipped until 9 o'clock, after which I bed-steaded until the clock fived, after which I breakfasted until it was time to go muling again." —Judge.

## New Things You Discover

### About Your Oldest Friends.

David Grason, writing his story "Hemfield" in the July American Magazine, says:

"It is a curious thing how people surprise us. In our vanity we begin to think we know them to the utmost, and then one day, possibly by accident, possibly in a moment of emotion, a little secret door springs open in the smooth panel of their visible lives, and we see within a long, long corridor with other doors and passages opening away from it in every direction—the vast secret chambers of their lives."

## McChesney Talks to

2,500 in Morgan.

Hon. Harry V. McChesney spoke at West Liberty Monday at Highland Park to more than 2,500 persons, several hundred of whom were women. It was the biggest crowd ever assembled there to hear a political speech. The people walked the half mile to Highland Park when it was found the courthouse would not hold the assembled multitude.

McChesney spoke for nearly two hours and applause was frequent, hearty and general and it was evident that the crowd was for the State-wide candidate. After the speech about fifty women arose in the audience and sang "Kentucky's Going Dry." Many Republicans came to Mr. McChesney after the speaking, and pledged their support in the event of his nomination. —Mt. Sterling Advocate. Advertisement.

## First Delivery of New Wheat.

Several bushels of new wheat were sold by John A. Sugg, Sr., to the Uniontown Roller Mill Co., Monday, at \$1 per bushel. This was the first new wheat reported sold on the local market this season. The wheat was very fine and was grown on Mr. Sugg's farm, near Morganfield. His entire crop was threshed the last of the week. —Uniontown Telegram.

## WHY HE IS FOR THE COUNTY UNIT

Stanley Speaks At Horse Cave.

Stanley spoke at Horse Cave with his heart all aglow for the county unit like all the wholesale liquor houses and all the distilleries in the State.

Why is he for the County Unit? Why are the liquor forces of the State preaching the County Unit doctrine? Doctrine that is excluding their liquor from scores of counties in the State? It is because this great wave of reform has declared it as law and they dread the impending doom of a bigger unit than a County Unit. The idea of Stanley, the recognized tongue of the liquor forces being for the County Unit when he sweated blood four years ago in fighting it in the Convention at Louisville, and we understand that there are sworn affidavits to the effect that he sought to get the delegates from McLean county to vote against the County Unit plank entering the Democratic platform, but they said, we were instructed to vote for that plank and he answered: D—n the instructions, vote against it anyhow.

McChesney is for the County Unit with all his soul, provided he can get something bigger of the same kind, while Stanley and the distilleries are for the County Unit to keep from having something worse of the same kind. —Hart County News. Adv.

Blue, for Circuit Judge, drew first place and Lee Gibson, second place. The names for commonwealth's attorney will appear as follows: Ruby Laffoon, J. E. Baker, Ed Young.

Blaine Farmer, manager of M. L. Elder & Company's grocery, handles Walsh Baking Company's bread, doughnuts and rolls. A good lunch for Sunday.

## BIG RAILROAD QUILTS WHISKEY BUSINESS.

C. & O. Goes Dry.

Lexington, Ky., June 20.—(Special.)—The C. & O. officials here have been notified that the trains on that line will be "dry" after June 30. Heretofore the dining and buffet cars on this road have held licenses from the States through which they passed to sell liquors while going through "wet" territory, though the sales had to be stopped whenever a "dry" county was reached. Now, however, so much of the country along the roadway is prohibition that it kept the persons in charge of the liquor service in such a stew over opening and closing their bars that it has been decided that the profits of the business do not pay for the trouble, and when the licenses expired on June 30th they were not renewed and the trains are "dry" from one end of the road to the other.

A prohibition law will soon go into effect in Virginia, and is already in operation in West Virginia, while Kentucky and other states through which the road passes have local option laws. The operation of the local option laws prevents the sale of liquor while trains are standing in dry towns or passing through dry counties, and the difficulty of keeping the porters and waiters on the train correctly informed of the exact stops on the road which are wet is another factor in closing up the entire business. The passenger department of the road has found that there is considerable dissatisfaction among their passengers who are served with liquor without question at lunch or in the buffet car, but who cannot get a glass of wine with their dinner because the train has entered "dry" territory. The annoyances to passengers by well meaning waiters who suggest that the train will soon be in "wet" territory for half an hour, and the danger of sales being made at the wrong milepost have also helped to make the change. It is said that since the dry spots became so numerous, travelers who want liquor provide themselves with it in advance, which further reduces the sales in the cars. —Advertisement.

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

### "WHY WOMEN CANNOT SLEEP."

The highly organized, finely strung nervous system of women subjects them to terrors of nervous apprehension which no man can ever appreciate.

The peace of mind, the mental poise and calmness under difficulties, which is necessary for happy womanhood, is only possible when the sensitive feminine organism is in a perfectly healthy condition. If there be any weakness or derangement in this respect no remedy in the world so completely restores womanly health, nervous vigor and capability as the wonderful "Favorite Prescription" invented by Dr. R. V. Pierce. It purifies, heals and strengthens; insures functional regularity; provides physical reinforcement and sustaining power at periods of special weakness and depression.

Covington, Ky.—"For about twenty years I have known of Dr. Pierce's Favorite Prescription. I began using it because a friend recommended it. When run down, nervous and dragging around I used several bottles of this well-known remedy. It always helps me just as it is advertised to do. It is the most pleasant and the best woman's medicine I have ever used. I have recommended it to several others. My daughter has also used it with just as good results as I have."—Mrs. LUCRETIA GIBSON, 1838 Greenup St.

Circumstances are the nails on which the weak hang their failures, but with which the strong clinch their successes.—Poor Richard Jr.

"When you make a mistake, or lose money in a transaction, or use poor judgment in a business deal, dismiss it from your mind as quickly as possible; you need all your wits for recuperating—you can't afford to spend anymore time on a dead issue. Look forward, not backward."

Twenty or thirty years hence the boys who now inhabit our homes and pass as little fellows upon our streets will be our business men, our men of affairs and of families. Fleeting are the years which transform our boys into mature manhood. How important it is, therefore, that these boys and young be guided aright into the responsible citizenship which confronts them—that they be not "led into temptation" and that evil influences, so far as possible, be warded away from them. The environments of every boy should be made as helpful and pleasant as possible.

Monday afternoon, June 28th, it being the opening day of the June term of the Crittenden Circuit Court, a short time was given by the court for the candidates to speak to the voters, and short speeches were made by Messrs Gibson and Blue candidates for Circuit Judge, Baker and Laffoon, candidates for Commonwealth's Attorney and Judge Gordon, candidate for Appellate Judge.

Judge Blue took occasion to denounce the report that is being circulated in some sections of the district, that he made the

race for County Judge in 1910 in the interest of the Republican party. Everyone conversant with affairs in Crittenden county knows that John W. Blue, Jr. was solicited by the Democratic committee to make the race because the committee after canvassing the matter with voters realized that he could make a stronger race than any other one in the county.

When first requested by the committee to make the race Judge Blue told the committee that he did not want the office, and if he made the race it would be at a sacrifice and suggested that the committee should adjourn for a month and canvass the voters as to whether they wanted a Democratic candidate, and if so whom. This the committee did, and when it met again it was unanimously decided by the committee to nominate a candidate for County Judge, and that John Blue would make a stronger race than anyone else. Upon being assured by the committee that it was the wish of the Democratic party for him to make the race, Mr. Blue stated that he was not a candidate, and it would be a sacrifice for him to make the race but that he was a Democrat and would make the race. He was accordingly nominated and elected by a large majority, and made one of the best Judges Crittenden county has ever had.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one druggist in this section who is able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Sent for list of testimonials. Address: P. J. CHENEY & CO., Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.
